# Vote Share Rise Of 2,000,000

## At Base Metals

Shareholders of Base Metals

Mining Corp. Ltd. approved

an increase in authorized cap-

ital to 9,000,000 shares from 7,

000,000 shares, at the annual

meeting in Toronto.

After the meeting, E. F. Furniss, secretary and a director, said the company has sold its claims in Vancouver Island to an individual he declined to identify. Of the purchase price of \$35,000, the company has received \$3,500 cash and is to receive \$400 monthly on the balance.

At the idle Cork Province mine in British Columbia, which has been leased to London Pride Silver Mines Ltd.

for 10 years, water has been

removed from all under-

ground areas and the mill and

equipments are being rehabilitated. Base Metals will receive 50 cents per ton milled.

Geophysical surveys of the company's 12 claims in Maffly township near Timmins, have not begun. Mr. Furniss said the company also intends to have surveys done this summer on its 11 claims in Courville township in the Senneterre area of Quebec.
